

## MASTER OF SCIENCE IN EDUCATIONAL ADMINISTRATION

### Learning Outcomes

The department has established the following learning outcomes for candidates completing its M.S. Ed. and post-master's licensure programs.

- Candidates will be able to facilitate the development, articulation, implementation, and stewardship of a school vision of learning that is supported by the school community.
- Candidates will be able to promote a positive school culture, provide an effective instructional program, apply best practice to student learning, and design comprehensive professional growth plans for staff.
- Candidates will be able to manage school organization, operations, and resources in a way that promotes a safe, efficient, and effective learning environment.
- Candidates will be able to collaborate with families and other community members, respond to diverse community interests and needs, and mobilize community resources.
- Candidates will be able to act with integrity, fairly, and in an ethical manner.
- Candidates will be able to influence the larger political, social, economic, legal, and cultural context.
- Candidates will be able to synthesize and apply the above outcomes through substantial, sustained, standards-based work in real settings.
