## *Youngstown State University Core Values*

---

We—the faculty, staff, administrators, and students of Youngstown State University—hold the following values essential to achieving the University’s mission:

### *Centrality of Students*

We are a student-centered institution committed to the education, development, well-being, and success of students of all ages and from all walks in life. In concert with our mission to help students grow intellectually, we strive to foster their personal, social, emotional, and career growth, as well as their capacities for lifelong learning, civic responsibility, and leadership.

### *Excellence and Innovation*

We value excellence and innovation inside the classroom and out. Thus, we strive to offer outstanding academic programs; to foster intellectual inquiry, exploration, and discovery; to transcend traditional boundaries; to apply and perfect knowledge; to encourage creativity; to provide effective tools, technologies, and facilities for learning; and to excel in research and scholarly activity, including the “scholarship of teaching and learning”—an area of research that explores how individuals teach and learn.

### *Integrity/Human Dignity*

As a campus community, we expect all conduct to be rooted in integrity, mutual respect, and civility. We value ethical behavior in scholarly and other endeavors; believe in the dignity and worth of all people; strive to foster an appreciation of, and respect for, differences among the human race; and celebrate the diversity that enriches the University and the world.

### *Collegiality and Public Engagement*

As scholar-citizens of many extended and interconnected communities, we pledge to work collegially and cooperatively to enrich the cultural environment; establish productive partnerships; provide responsible leadership; address community and workforce needs; and bring about the greater good of the collective whole—be it the University, the Mahoning Valley, the state, the region, or beyond.
